

## Cemetery Association Offers Tract Of Land For "Commercial Site"

An offer by the Evergreen Cemetery Association to sell a plot of land adjoining the Gettysburg National Cemetery on the Taneytown Rd. as a "commercial site" has brought a sprinkling of inquiries from prospective purchasers and expressions of concern from the National Park Service and the Gettysburg Battlefield Preservation Association.

Recently a large sign was erected on Evergreen Cemetery land fronting on the Taneytown Rd. offering to sell a "commercial site" there measuring 300x150 feet and giving the telephone number of Attorney Eugene R. Hartman, a member of the cemetery association's board of directors.

Mr. Hartman said this week upon his return from a vacation trip: "There have been a couple of inquiries."

**NEEDS FUNDS**  
Officers of the cemetery association explained that the association needs funds with which to construct a new garage and utility building for cemetery equipment but no estimate was available on the probable cost of such an undertaking.

At a recent meeting of the cemetery board it was decided to offer for sale the plot of ground fronting on the Taneytown Rd. President Radford H. Lippy of the cemetery association said the National Park Service was given the first opportunity to buy the land which is across the Taneytown Rd. from the new Visitor Center.

The first offer to sell the land to the Park Service was made nearly two years ago, Lippy said, and added that an offer had been received from the Park Service but that it was far below the \$70,000 price set by the association on the plot.

**ESTIMATE REVENUE**  
The \$70,000 figure was arrived at by calculating the revenue the association could receive from the land if it were laid off in burial plots, it was explained. If disposed of in that manner, it would bring the association about \$83,000, board members said.

The 300x150-foot plot is not regarded as necessary in future development of the cemetery, it was noted. There are approximately 10 acres of land owned by the cemetery which have not yet been developed and which plot

## FILES ANSWER TO PETITION FROM PRISONER

District Attorney Gerald Walmer has filed an answer to a petition for a writ of habeas corpus in the case of Charles Gladfelter versus A. C. Cavell, superintendent of the State Correctional Institute, Rockview, where Gladfelter is serving a 2½-to-5-year term for burglary and larceny.

Walmer denies the following charges made by Gladfelter:

1. That confinement was punitive, illegal and unconstitutional.
2. That Gladfelter was held incommunicado at the Adams County prison for 86 hours, but that "any separation of the petitioner from other prisoners was for the purpose of protecting other prisoners from the petitioner."
3. That Gladfelter was obligated and coerced into pleading guilty, but that "his plea was purely voluntary and that he has admitted the crimes in question since his incarceration."
4. That he was denied counsel, when in fact "he did not request it."
5. That the police officer directed the sheriff to place Gladfelter in solitary confinement.
6. That Gladfelter was not permitted to smoke or that he did not receive the same amount of food as any other prisoner.
7. That he was not permitted to send or receive mail.

## FBI Probing Possible Red Ties With Racial Violence In New York

By RICHARD F. WHALEN  
NEW YORK (AP)—The FBI is probing possible Communist influence in the city's racial violence, which continued through the night in Brooklyn's Negro section and resulted in the critical wounding of two Negroes by police.

Acting Mayor Paul R. Screvane said the Harlem disorders had been incited in part by "fringe groups, including the Communist party."

He suggested that the FBI agents might investigate the source of money for some street rallies and for some of the "very inflammatory . . . anti-American . . . and seditious statements."

## OPPOSE PLAN FOR POTOMAC RIVER BASIN

The U.S. Army Corps of Engineers' plan for development of water resources in the Potomac River Basin has come under criticism from the Pennsylvania Association of Soil and Water Conservation District Directors, Inc.

In a statement of position from Robert C. Lott, Aspers R. 1, president of the association, the conservation district directors join a long list of organizations asking a restudy of the plan and that alternate plans be explored.

Maryland and Virginia Water Conservation District associations are completing studies of the army engineers' plan this month and the West Virginia Association already has asked that the plan be restudied, describing it as "unacceptable in its present form." Many national, regional and local organizations also have gone on record as opposed to the Army Engineers' plan and asked that new approaches to solving the water problems of the basin be studied. The list includes national farm organizations, the National Parks Association and sportsmen's groups.

## "NOT COMPREHENSIVE"

The Pennsylvania district directors' association has concluded the plan is "not truly comprehensive in nature because recreation needs would not be met adequately, because alternative water supply methods have not been explored, because the plan would tend to encourage rather than discourage stream pollution and because upstream and downstream components of the plan are not coordinated."

It is pointed out, too, that a governor's commission in Virginia has recommended deletion of the key Seneca reservoir from the plan and asked that the whole plan be restudied by an interstate commission.

The Pennsylvania group suggests that alternative plans be explored, including "the further development of smaller, upstream reservoirs where practicable, the development of local recreation areas and the utilization of the Potomac estuary in meeting metropolitan water needs."

The state group credits the Army Engineers' plan with providing a "useful stimulus" of interest in resource development in the Potomac River Basin. A sound plan that could be a model for the nation is urged.

Borough and college police delivered the child and dog home.

## U.S., British Ambassadors Bolt Red Meeting In Warsaw After Attack On Barry, GOP

WARSAW (AP)—"Clean our weapons, always keep our vigilance and stay on full alert," Soviet Premier Khrushchev told the Communist bloc Tuesday night after attacking Sen. Barry Goldwater and the Republican platform.

Khrushchev spoke at a celebration of Poland's 20th anniversary as a Communist nation after the U.S. and British ambassadors walked out in protest against attacks on U.S. policy by Polish Communist party chief Wladyslaw Gomulka.

## CHARGES FASCISM

Assailing the Republican platform as warlike, Khrushchev said it was adopted in San Francisco "in an atmosphere reminiscent of the fascist (Nazi) gatherings in Nuremberg."

"The candidate put forward for the presidency," Khrushchev continued without calling Goldwater by name, "made it clear that he wants to enter the White House under the slogans of unbridled anti-communism and war threats."

"The Soviet Union has already existed for 47 years. During this period we have seen various mad and half-mad men. We have never been afraid nor are we afraid of threats. We cannot be indifferent, however, toward threats."

## TWO DAMAGE SUITS ON '55 ACCIDENT OUT

The Adams County court today threw out two actions in trespass brought against a Cashtown man, ruling that eight years is too long to delay prosecution of a case.

The suits were brought by Joseph W. Moore, administrator of the estate of Charles W. Moore, deceased, and David A. Benton and others, against James C. Landis, administrator of the estate of Frederick Eugene Landis.

The suits resulted from an automobile accident February 6, 1955, seven miles south of here on the Emmitsburg Rd. Pfc. Frederick Eugene Landis, 20, driver of the one car, who was a veteran of 16 months of service in Korea assigned to Andrews Air Force Base, Md., was enroute home to visit his parents, Jesse C. and Katherine (Beisecker) Landis, of Cashtown.

## AT COURT'S DISCRETION

The driver of the other car was Charles Edward Moore, 20, Richmond, Va. Both Moore and Landis were fatally injured in the accident. Less seriously hurt were five other young people, all of Richmond, who were passengers in Moore's car. They had visited the battlefield here prior to the accident.

According to the opinion of court today, the estate of the deceased Moore youth and the families of the other injured persons in the Moore car filed writs of summons in trespass against the Landis estate on January 28 and February 15, 1956. After that no complaints were filed, nor other action taken in the county court in the cases.

When the Landis estate recently asked that the cases be non-prossed because of the delay, the plaintiffs held that state law now provides that the only way a defendant can get rid of a case against him is by demanding filing of a complaint, etc.

In its nine-page opinion the local court quoted opinions back to Statute 13 of Charles II of England, holding the right of judgment of non pros for want of

## PA. PLANNING BOARD WILL SURVEY ADAMS

Adams County will be among others in the state in which a regional development survey will be conducted by the state during the coming year, according to an announcement by the State Planning Board.

Jesse Nalle, assistant director of the planning board, said "two or three" state planners will visit Adams County as one of the teams being sent throughout the state to carry on surveys based on techniques developed during the last year in a survey in Lebanon County.

The teams will visit each county in an effort to learn about regional development trends and problems first hand from local development leaders in industrial and tourist promotion, local planning, urban renewal, agriculture and natural resource conservation and development, he said.

## SEVEN ON LIST

The techniques learned in Lebanon, Nalle said, will be put to use in Dauphin, York, Cumberland, Perry, Adams, Franklin and Lancaster counties.

Lebanon County was chosen for testing survey techniques because of its small size and balance between urban and rural economic activity, Nalle said.

Nalle said the information collected in the regional survey will be used to provide background briefing material for state departments in their dealings with out-of-state industrialists.

Nalle asked for suggestions from the public on how existing state programs can be made more effective in solving local development problems, and how the State Planning Board's own program can best assist local planners.

Michael Foster, chief of comprehensive planning, will supervise the regional development survey.

## ACTION IS FILED

An action to quit title on three 12-foot wide strips of land in Biglerville has been filed for the Adams County Fruit Packing and Distributing Co., against the estate of Reuben Roth who sold and conveyed certain small tracts from a 14-acre tract between Third and Fourth Sts., to be used as "public alleys." However, according to the action, "no drafts or surveys were ever recorded."

The strips divide the property of the Biglerville firm.

The Adams County Ambulance Corps Tuesday night was presented with the Benjamin Rush Award for outstanding health services by the Adams County Medical Society.

Dr. D. L. Radsma made the presentation for the medical society at the meeting of the ambulance corps in East Berlin. The presentation included a large plaque which will be hung in the Warner Hospital waiting room and 11 smaller similar plaques which go to each of the ambulance groups, members of the county organization.

In presenting the award, Dr. Radsma said: "We all know how important the ambulance service is for the community as a whole and for the sick in particular. You are called at all times of the day and night to rush out and bring patients to the hospital."

## LIFE-SAVING SERVICE

"In many cases the ambulance crews have had to take measures to keep the patient alive until they arrive at the hospital. I personally remember a case a few years ago of a boy with myasthenia gravis who had lost all strength of his muscles, including chest muscles, and therefore could not breathe. He was kept alive with an endotracheal tube and oxygen. On his way to a Baltimore hospital he was kept alive by intermittent pressure on his chest using the plastic lung with Donald Jacobs hand-operating the device."

"The Adams County Medical Society has been aware for a long time of the devotion the ambulance crews have demonstrated. When several months ago, the Pennsylvania Medical Society announced the annual Benjamin Rush Award it was moved by Dr. Harrison Hartlaub, and unanimously accepted by the physicians

## NAUGLE WILL CONTINUE IN LOOM OFFICE

George W. Naugle, secretary-house manager of the Gettysburg Moose Lodge, Tuesday night agreed to continue as secretary while the house manager duties will be handled by Jacob N. Myers.

Naugle had submitted his resignation as secretary and house manager because "the job is more than one man can handle." Notice of his decision to resign the post brought more than 200 calls and letters to the Moose lodge asking him to reconsider.

At Tuesday night's meeting of the board of officers, Naugle agreed to continue as secretary if he could be relieved of the other duties and the board named Myers, an employee of many years of the local lodge, and currently its steward, as house manager.

Naugle in his resignation had pointed out that the work of secretary and house manager combined had become more than he could handle in a 70- to 80-hour work week and that his health no longer would permit the long hours of work.

Since Naugle became secretary-house manager in 1960, the membership has grown from 1,400 to 2,017, a 17-acre farm has been bought and turned into Moose Park; the lodge itself was remodeled and enlarged with the taking over of the portion of the building on York St. where a store was formerly located, and the Smith building next door was purchased.

Naugle also serves as a First Ward Councilman for the borough.

## Cuban Exiles Riot Briefly In Washington On Cuban Fuss

By ARY MOLEON

WASHINGTON (AP)—Urged on by a march of Cuban exiles, some of whom rioted briefly Tuesday, foreign ministers of Western Hemisphere nations considered today what steps to take against Cuban aggression.

Secretary of State Dean Rusk, pushing the United States request for action, was among the day's scheduled speakers.

A clash of several hundred Cubans with hastily summoned police marred what had started out as a peaceful demonstration by more than 5,000 Cuban exiles who came here to urge action against the Castro regime.

### CALL 400 POLICE

More than 400 metropolitan and park policemen, some on horseback and motorcycles, helped quell the disturbance which broke out when some of the marchers insisted on leaving the parade route to head to the Pan American Union building where the foreign ministers are meeting.

Two Cubans and a park policeman received hospital treatment and about 45 other Cubans were treated for cuts, bruises, exhaustion and heat prostration.

Three men and one woman, arrested on disorderly conduct charges, were released after posting collateral.

### BLAME CASTROITES

In Miami, organizers of the march charged that "Castro people" infiltrated their ranks and were responsible for the trouble.

The parade had been organized to march from the Washington Monument to the Lincoln Memorial and back to support the cause of sanctions against Cuba. Some insisted on going on toward the meeting site.

Mounted policemen rode slowly into the crowd, forcing those in front back against others following. Many fell to the ground in the crush.

Aided by leaders of the march, police soon restored order and the crowds melted away.

### IN HAPPY MOOD

Most of the demonstrators had appeared in a happy mood as they carried signs "Cuba si, Russia no," and "We save Cuba or we lose America." They had gathered here from Miami, New York, Baltimore and other East Coast cities as well as from Chicago.

Venezuela is pressing the Organization of American States for complete sanctions against Cuba under the 1947 Inter-American Treaty. An OAS investigating committee has supported Venezuela's charge that Castro agents planted a three-ton cache of arms in Venezuela to supply pro-Communist guerrillas.

### PLAN FAMILY PICNIC

## More Rioting Around World

**By THE ASSOCIATED PRESS**  
NEW YORK—Racial violence broke out in Brooklyn's Negro section throughout the night but Harlem had its first relatively quiet night after three nights of rioting. Two Negroes were shot, one critically, in Brooklyn's Bedford-Stuyvesant section.

SINGAPORE—More than 6,000 troops and police enforced a curfew after rioting between Malays and Chinese Tuesday night in which eight were killed and 341 injured.

WASHINGTON—Several hundred Cuban exiles clashed with police Tuesday during an anti-Castro demonstration by 5,000. More than 400 police prevented an attempt to march to the meeting of Western Hemisphere foreign ministers. Some 47 Cubans and a policeman were injured, none seriously.

GEORGETOWN, British Guiana—At least eight Indians were seriously injured Tuesday in a clash between Negroes and East Indians in the Betervewag coastal area. Scores have been killed in almost daily racial violence in the British South American colony since January.

ALICANTE, Spain (AP)—Five fishermen who were saved from the sea after floating in lifeboats for 17 hours said they accidentally sank their fishing vessel.

When motor trouble developed at sea, they fired a distress rocket.

All boys and girls in Adams County who will not reach their 18th birthday by August 3 are eligible to enter the tournament to be held at the Gettysburg Country Club. All those who wish to take part are asked to register at the office of C. E. Williams and Sons, 137 Baltimore St., opposite the Post Office. Last-minute registration will be held from 9 a.m. to 5 p.m. Thursday.

## RACIAL RIOTS LEAVE 8 DEAD IN SINGAPORE

SINGAPORE (AP)—A daytime curfew enforced by more than 6,000 troops and police restored quiet today to Singapore Island after racial riots between Malays and Chinese in which 8 persons were killed and 341 injured.

Acting Prime Minister Tun Abdul Razak, who flew here from Kuala Lumpur, the Malaysian capital, announced the official toll from Tuesday night's violence at a news conference. He said 157 persons had been arrested on various charges.

Razak said the curfew would remain in effect until further notice. It will be lifted for three and a half hours Thursday morning to give residents a chance to buy food and other necessities.

### STREETS DESERTED

Singapore's streets were deserted except for patrols of soldiers and riot police. Security forces with fixed bayonets had pushed everyone off the streets who tried to ignore the daytime curfew.

During Tuesday night's fighting rioters attacked a U.S. consulate car in which Charles J. Rogers of Santa Cruz, Calif., a diplomatic courier, was riding with a Malay driver.

Rogers said the mob, which he believed was composed mainly of Chinese, smashed the car's windows and headlights with clubs and bottles. The Malay driver was cut by flying glass.

Nearly 100 riot police armed with clubs and tear gas canisters were flown from Kuala Lumpur today to join 5,000 police and two battalions of troops in the effort to keep the violence from spreading up the Malay Peninsula.

## TWO DAMAGE

(Continued From Page 1) timely prosecution depends upon discretion of the court.

### OLD RULE STANDS

The local court held Pennsylvania's law of 1947 which provides that when a plaintiff fails to file a complaint within a reasonable time the defendant can direct the prothonotary to enter a rule requiring filing of the complaint does not change the long standing rule that a court can toss out a case if a plaintiff delays too long with his prosecution.

To construe the Pennsylvania 1947 law as "establishing the only means by which a defendant could take advantage of unwarranted delay on the part of the plaintiff would be a drastic change from prior practice and would require a defendant to take an action which . . . amounted to a waiver of the plaintiff's laches."

"The emphasis on the part of the Bench and Bar today is to expedite procedure and do away with the long delays which, in some counties, exist between the commencement of an action and the time of actual trial. Unless a plaintiff may be non-prossed for failing to proceed promptly with his action, this emphasis would be lost," the court held.

**REQUEST TURNED DOWN**  
The Adams County court noted that the only witnesses still available are those who were in the plaintiff's car. State police records, according to custom, were destroyed five years after the accident. "The court knows from experience that members of the state police are required to investigate many accidents during the course of a year and that after the passage of nine years no officer could be expected to remember any details concerning his investigation without the aid of his notes made at the time."

In another opinion the court dismissed a request of James Eugene Staub asking certified copies of all docket entries, transcripts, indictments, etc., related to his case, without cost to him. The court held there was no request for the reporting of the proceedings at the time, no trial because the defendant pleaded guilty and "the defendant has shown no cause or reason why he should be furnished with the requested papers at this time."

## No Result From Search In Pond

State police said at 1 o'clock this afternoon that Boyd Cauthern, 26, Washington, D. C., has not yet been found. The Negro farm worker disappeared into a five-acre, 30-foot-deep farm pond at the Arthur Rice farm, near Brysonia, late Saturday night when he told a companion he was going into the water to raise a boat that had sunk a short distance off shore.

Despite search by divers and use of grappling hooks, no sight of the man has been found in the pond.

Dr. C. G. Crist, county coroner, said that if Cauthern had drowned in the pond the body should start to rise, unless caught by something in the water, as of last midnight.

## Educators Laud Program Of Studies At Sr. High In April Evaluation Here

The committee of 16 visiting educators who spent three days at Gettysburg Senior High School in April in an evaluation conducted at 10-year intervals found the school to be "a good high school possessing the potential for becoming an outstanding high school."

In their detailed report of the result of their evaluation they said: "The Gettysburg area has reason to be proud of its efforts in behalf of its high school."

In addition to a general summary, the educators' report gives commendations and recommendations for every department of the school and every phase of its operation.

### TO PUBLISH REPORT

The Gettysburg Times begins today the publication, department by department, of the complete report. The commendations and the recommendations will be published together with supplementary notes which have been provided in some departments by the senior high school principal, Charles E. Tressler.

The first section of the report follows and covers the Program of Studies in use at the school; COMMENDATIONS

The committee commends the school for:

Providing a rather comprehensive program of offerings for the youth in this area.

A friendly and relaxed atmosphere which is present in the classroom and for a mutual respect which is in evidence between teacher and student.

An equally high regard and respect for subject matter which is often apparent on the part of staff and students.

### RECOMMENDATIONS

The committee recommends that:

Through joint action of all members of the high school staff together with competent outside specialists, newer developments in several curricular areas should be further investigated and tested in the classrooms.

A greater variety of teaching techniques should be employed in the classroom with less dependence upon question and answer method.

To the extent possible, scheduling should be made so as to permit teachers in a given area to work together during the school day on problems relative to the improvement of instruction in that area.

Consideration be given to the further adaptation of offerings in terms of student needs.

The school develop an administrative policy and financial support to further the in-service growth and development of teachers through interschool visitations, conference participation, seminars, graduate study, and all other facets which today characterize an educationally dynamic growing area in human learning and knowledge.

**ACCEPTED BY PRESIDENT** Eugene S. Long, Bonneville, president of the Adams County Ambulance Corps, accepted the plaque from the medical society. Seven of the 11 ambulance corps were represented. Biglerville, New Oxford, Gettysburg, Bonneville, Midway, McSherrystown and East Berlin received the award at the meeting. President Long will arrange to turn copies over to Taneytown, Emmitsburg, Littlestown and York Springs ambulance crews who were not present for the meeting.

Use of the "Resusc-Ann" training device for mouth to mouth resuscitation and closed chest heart massage was demonstrated at the meeting by Donald Jacobs and Julius Swope of the Gettysburg Ambulance group. The device was provided by the local exchange club and, according to plans outlined Tuesday night, the various ambulance corps through the area will set up public meetings at which the general public as well as the ambulance corps will be invited to take training in the resuscitation methods. Discussion at the meeting indicated a belief of the ambulance corps members that more lives can be saved if knowledge of the resuscitation method is widely spread and can be used by the public generally before the ambulance arrives.

**PLAN SPECIAL MEETING** Henry Snyder and Paul Shearer, of Hanover Fire Co. No. 1, demonstrated use of the Emerson respirator.

The group made plans for a meeting with Hanover Hospital Administrator Robert G. Paterno to permit him to outline procedures of the Hanover hospital to the ambulance drivers. Under the arrangement, the Hanover hospital administrator is to decide the date and a special meeting will be held that night at Midway or McSherrystown fire hall.

Dominic G. Greco, associate professor of biology at Mount St. Mary's College, Emmitsburg, shares an award of \$25 at Fort Detrick, Md., according to an announcement by the Department of the Army.

The award was granted for an adopted suggestion which results in an improved method of dispensing and transferring bulk chemicals to small, usable containers, thereby decreasing safety hazards and simplifying the transfer operation.

This is the second suggestion award received by Professor Greco. In 1961 he was awarded a citation for the suggestion of a device designed to determine any leakage in leuc lock-type syringes.

Professor Greco has been a member of the Mount faculty since 1930.

A dozen Republican politicians, including New York's two senators, say they can't support GOP nominee Barry Goldwater for president—as of now.

None bolted the party. None said he would campaign for President Johnson.

Most said Tuesday they might back the Arizona senator if he clarifies or revises his views.

Sens. Jacob K. Javits and Kenneth B. Keating of New York announced their stands in separate news conferences.

Both supported Gov. Nelson A. Rockefeller of New York for the GOP nomination, and switched to Gov. William W. Scranton of Pennsylvania when Rockefeller withdrew.

**HOPES FOR TURN** Javits, who is not up for re-election this year, said he would work for a state platform along the lines proposed by Scranton forces for a national platform at the San Francisco convention. He said he hopes Goldwater will do something to enable him to support the national ticket.

Keating said he hasn't decided if he will seek re-election this year, but if he does it will be as an independent Republican.

Rockefeller said he would support the GOP ticket. But he sharply criticized the statement on extremism Goldwater made in his speech accepting the presidential nomination. Since then Rockefeller has made no further statement.

**PREDICTS SUPPORT** One prominent New York Republican, State Senate Majority Leader Walter J. Mahoney, said he expected that "all Republicans will be able to support the Goldwater-Miller ticket as the campaign unfolds."

Other Republicans said they are holding off support of Goldwater. They included Gov. John H. Reed of Maine, Rep. Silvio O. Conte of Massachusetts, State Senate Majority Leader William E. Ozzard of New Jersey, Sen. J. Glenn Beall of Maryland, Mayor Theodore R. McKeldin of Baltimore, a former governor; and Rep. James G. Fulton of Pennsylvania.

Fulton said he felt more akin to President Johnson than to Goldwater but might write in a vote for Scranton.

Sen. Clifford P. Case of New Jersey said his mail is 20-1 in favor of his decision not to support Goldwater unless the Arizona modifies his views.

McKeldin said he understood new voter registrations in Baltimore are 10-1 Democratic, while the normal ratio is 3-1.

In Harvey, Ill., the Rev. Wilbur N. Daniel, Negro candidate for Congress on Chicago's South Side, said he would not support Goldwater.

In Seattle, Lou Kessler, former chief parole and probation officer for the state of Washington, filed as a candidate for governor opposing two GOP candidates he said had tied themselves to Goldwater's coat-tails.

### TWENTY-FIVE YEARS AGO

Break Ground At Fairfield:  
Ground was broken this morning at 7 o'clock for the construction of the new Fairfield community building. A dozen volunteer workers began the work with two caterpillars tractors and scoops, donated by the Rev. A. W. Geigley, B. E. Benner, the Ortanna Canning Company and the Williams construction company. Work is being directed by Rev. Geigley, president of the Fairfield Civic Club, sponsors of the project. The building will be located on the athletic field property of the Fairfield school board. It is to be of two stories and will measure 67 x 87 feet. The foundation will be dug to a depth of three feet.

Out For Judgeship: Luther C. Plank, Table Rock, has begun circulating nominating petitions as a candidate for the Democratic nomination for associate judge of Adams county. Mr. Plank, who served as clerk of the courts of this county from 1924 to 1928, has been engaged in the milling business at Table Rock for a number of years.

Unaware Of Broken Back:  
X-ray pictures taken at the Warner Hospital this afternoon revealed that Clarence Keller, 18, son of Mr. and Mrs. Ludwig Keller, R. 4, is suffering with a fractured back. Keller is reported to have fallen from a load of barley three weeks ago. At first it was believed he was uninjured but pains which recently developed led to his admittance to the hospital today where the fracture was determined.

J. E. Snyder Will Plan Meetings:  
Although he is a former president and has held other offices in the Pennsylvania branch of the United Association of Post Office Clerks, the duties of first vice president, a position to which he was named at the annual convention in Johnstown last week, will be new to Jesse E. Snyder, veteran clerk at the Gettysburg post office. As first vice president he automatically becomes supervisor of district meetings held by UNAPOC units throughout the state during the year. The first meeting for the current year is expected to be held in Lock Haven. Mr. Snyder received his first important post with the state branch in 1935 when the unit met here immediately preceding the bi-annual convention of the national organization. The local clerk was chosen president of the postal clerks of the state at that convention and the following year he was returned to executive position as second vice president. His work in his professional organization forms only a part of his many responsibilities as an officer and active member of several local lodges and the Gettysburg camp of the Sons of Veterans.

Buys Mountain Cottage: Dr. J. L. Boyer, Arundsville, has purchased the mountain cottage and an acre of ground in "The Narrows" from Eugene H. and C. B. Topper, Gettysburg, according to a deed recorded at the court house.

## Today's Talk

### GOOD TALK

The best literature is, after all, nothing more than good talk. Good talk must be interesting, instructive, helpful and inspiring. The rays of one's soul should shine out in good talk. Stevenson wrote that "language is but a poor bull's-eye lantern wherewith to show off the vast cathedral of the world." At times, however, this language gift seems to be more something like a great floodlight to point countless numbers of people toward a definite goal. With good talk we walk into people's enterprises, into their dreams, and across the acres of their ambitions and their experiences. The greatness of old Doctor Johnson bubbled out in his ordinary, everyday, talk. The attention and admiration of those who came to his table and to his home, were riveted to the words that flowed from his fertile brain.

The plays of Shakespeare are rich in talk that travels over the vast expanse of human thought and action. In them you will find beauty, understanding and instance upon instance of the endless experience of human life.

That one talks best who is most himself. There is to the talk of many that something which lights up life to another and which makes that one utter words that picture his heart. To some we can confide our innermost feelings, while to others we remain silent.

A certain inborn trust and confidence inspire the words that flow from our tongue. It is from this flow that friends are born to us. With such, we journey in good talk through life. A man publishes the story of his life in the good talk that he spreads around.

## Just Folks

AT THE WINDOW PANE  
Pressed close against the pane they stay

When mother has to go away;  
Sad little faces wondering why  
So often she must say goodbye;  
Sad little eyes that cannot see  
Why all such partings have to be.

Oh, there is tragedy no doubt  
When mother all alone goes out.  
The tears which stain each little cheek

Life's heartache eloquently speak,  
And no great actor could portray  
Grief's poignancy in such a way.

'Tis only childhood can express  
Its love with so much tenderness  
And with a glance and glistening tear

Make loneliness so real appear.  
Those sad sweet faces at the pane  
Tell more than mumbled words explain.

Yet when at last the mother nears  
A picture radiant appears.  
Those lovely faces once again  
Are pressed against the window pane  
To welcome her with eyes aglow  
And love which only children show.

### Eastern League

For a while, it appeared that York pitcher Barry Moore might have a no-hitter. Moore hadn't given up a hit for 6 2/3 innings, then in the bottom of the seventh, with two out, Springfield produced three straight singles for a 1-0 victory Tuesday night in the Eastern League.

In the only other action, Reading beat Elmira, 4-0, dropping the Pioneers into third place. Williamsport at Charleston was postponed because of rain.

The winner for league-leading Springfield was Fran Kasheta (10-4), who allowed only five hits himself. Kasheta, who is 4-0 against the White Roses, helped his own cause with one of the singles. Moore suffered his 10th loss against five victories.

It marked the seventh straight shutout for Springfield pitching. Tonight's Games: Williamsport at Charleston York at Springfield Elmira at Reading

## CITY GOP HEAD DIES SUDDENLY

PHILADELPHIA (AP)—Wilbur Hamilton, former Republican city chairman and a power in his party here and in the state for many years, died today in Hahnemann Hospital.

Hamilton developed chest pain while returning from the Republican National Convention in San Francisco and was admitted to the hospital Sunday. He previously suffered heart attacks.

The 54-year-old Hamilton, who lived in the Roxborough-Manayunk section of town, was the reigning heir of a family political dynasty. His district has been under Hamilton family control since the early 1900s and was known politically as "Hamiltonville."

Hamilton's ward is one of the few remaining GOP strongholds in Philadelphia. He succeeded to the leadership in 1956 upon the death of a brother, William J. Hamilton Jr. The brother had inherited the political mantle from his father, the late William J. Sr.

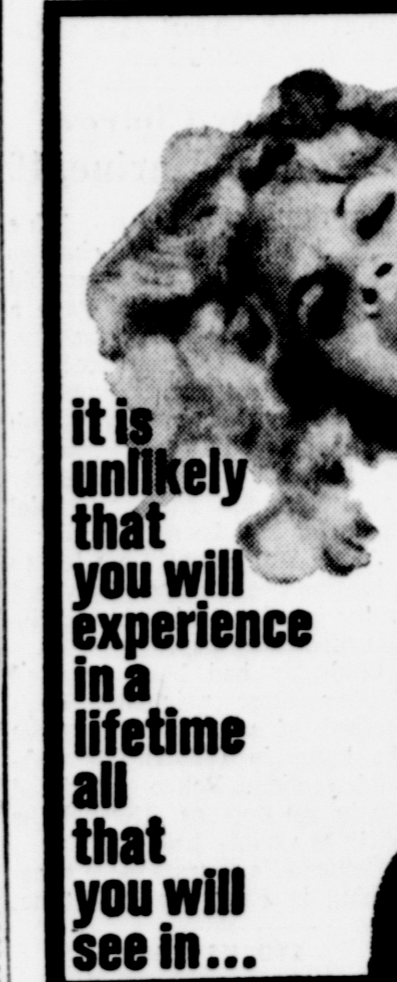

Hamilton, who was ousted as Republican city chairman last February, had announced his candidacy for the party's nomination as state representative from his district, a post he held previously for a six-year period.

## YANKEES BACK IN AL LEAD AS BIRDS LOSE 2

By DICK COUCH  
Associated Press Sports Writer

The New York Yankees trimmed Washington 7-1 Tuesday night.

Then they wound up on top of the American League when John Romano powered Cleveland to a 4-2, 8-5 double-header sweep over Baltimore and Vic Power came through with the big hit in the Los Angeles Angels' 2-0, 3-2 sweep over the Chicago White Sox.

Romano, a catcher the first game, was in the outfield when his third homer of the evening triggered an eight-run Indian uprising in the eighth inning of the Cleveland-Baltimore nightcap.

**TIGERS BOW**

The big inning sent the Orioles reeling into second place, five percentage points behind New York.

Power was back at first base in the White Sox-Angels second game after an enforced 10-day layoff—the result of a run-in with umpire Jim Honochick in Los Angeles.

He came up in the seventh inning with two outs and cracked a bases-loaded single off Gary Peters that brought the Angels from behind and pushed the Sox into third place, one half game off the pace.

Boston defeated Detroit 7-5 on Dick Stuart's three-run homer and Kansas City nipped Minnesota 5-4 on Rocky Colavito's two-run double in other AL games.

**TWO TRESH HOMERS**

Tom Tresh homered twice and doubled for the Yankees and Jim Bouton won his ninth game in 17 decisions with a four-hitter.

Tresh hit a solo homer, his 11th, in the second inning and connected again in the fourth with a man on. John Blanchard singled in two runs in the sixth and two more scored when Bouton's eighth inning fly ball fell for a double.

Chuck Hinton's sixth inning homer spoiled Bouton's shutout bid.

**TWO FOR ROMANO**

Romano caught the first game and drove in three runs with a pair of homers—his first in 14 games—and a double. He went to the outfield in the nightcap and Joe Azcue took over behind the plate as the Indians stacked their batting order with right-hand hitters against Baltimore southpaw Steve Barber.

John Powell had three hits in each game for the Orioles, including a first-game homer, his 26th.

The Angels' Bo Belinsky and reliever Bob Lee combined for a seven-hit shutout in the opener against Chicago. Felix Torres homered in the fourth inning and singled in the sixth, driving in both Los Angeles runs.

Jim Fregosi's first inning homer in the nightcap gave the Angels a 1-0 lead but the White Sox came up with two runs on five hits in the bottom of the first.

**STUART HOMER WINS**

Relievers Aubrey Gatewood and Bob Duliba blanked the Sox the rest of the way and Power's hit, following a pair of walks and a single by pinch hitter Bob Rodgers, provided the victory margin.

Stuart's 24th homer snapped a 4-4 tie and upped his league-leading RBI total to 84. Bill Monbouquette weathered two home runs each by Norm Cash and George Thomas for his third straight victory.

Colavito's seventh inning double brought Kansas City from a 4-3 deficit and helped hand the Twins their sixth straight setback. He also singled in a run as the Athletics pounded Camilo Pascual, who has lost six of his last seven decisions.

John Powell had three hits in each game for the Orioles, including a first-game homer, his 26th.

## LAKE STOCKED FIFTH TIME BY FIREMEN

Greenmount firemen this morning stocked "Lake Sam," near Natural Dam, for the fifth time since the lake was opened six weeks ago.

A truck load of assorted fish from Zelt's hatchery was placed in the huge pond constructed during the last winter by the fire company and residents of the area. Firemen estimate that there are at least two tons of fish in the pond. The first stocking comprised hundreds of fish, the contents of an entire pond. But firemen did not have any idea of the weight of those fish. Since then 4,700 pounds of fish have been added to the pond at a cost of \$1,480, not counting the fish placed this morning.

Firemen said 943 persons had fished in the pond during the first six weeks of its operation and expressed themselves as well pleased with the response so far by the fishermen. The firemen hope the lake eventually will provide a profit for the fire company.

Prior "all night fishing" sessions proving popular, the firemen are scheduling another for this weekend. Fishing will start this Saturday at noon and continue to 5 o'clock Sunday morning. Those who aren't tired of fishing at that time can pay another fee and continue from 5 Sunday morning to 9 that night.

Firemen believe just about every type fish that is adapted to the area is in the pond. Only one type of fish in the lake may not be removed by the fishermen—sturgeon. The sturgeon cost the firemen \$200 apiece. The firemen decided that anyone lucky enough to catch a sturgeon will be paid \$20 and then must put the sturgeon back in the pond to give others a chance at the expensive fish.

So far most of the fishermen at the lake have been area residents, but some have come from as far as Harrisburg and Washington after hearing about the fishing.

**Dave Pearson Is Winner At Lincoln**

HANOVER, Pa. (AP)—Dave Pearson of Spartanburg, S.C., roared from behind Tuesday night to win the "Pennsylvania 200" for late model stock cars at the nearby Lincoln Speedway.

Pearson held down second place for 120 laps before gunning his 1964 Dodge into the lead on the 121st lap of the 100-mile NASCAR-sanctioned event.

The victory, Pearson's fifth this season, carried a \$1,000 first prize. Richard Petty of Randleman, N.C., placed second, followed by Jimmy Pardue of North Wilkesboro, N.C.

**M'KINLEY IN DOUBLE WIN**

HAVERFORD, Pa. (AP)—The play was for the Pennsylvania Lawn Tennis Championship, but the talk was of the Davis Cup.

"The Davis Cup is the pinnacle," said America's top-ranked men's tennis player, Chuck McKinley, after he swept two matches to enter the fourth round of play in the Pennsylvania tournament.

"You have to push hard now regardless of what you're playing on," McKinley said, comparing the grass court of the Merion Cricket Club here to the cinder-composition court he'll be playing on in the Davis Cup Challenge Round in Cleveland in September.

McKinley, top-seeded in the Pennsylvania tourney, pushed hard Tuesday, defeating Dick Sorlien, former Philadelphia champion, 6-2 and 6-3, and then disposed of Andy Lloyd of Shreveport, La., 6-2, and 9-7.

Five other top-ranking American players advanced to the fourth round of the championship.

They were second-ranked Dennis Ralston of Bakersfield, Calif.; Frank Froehling of Coral Gables, Fla.; Gene Scott of St. James, N.Y.; Marty Riessen of Evanston, Ill.; and Arthur Ashe of Lynchburg, Va.

In the women's singles, top-seeded Mrs. Clark Graebner of Santa Monica, Calif., advanced to the fourth round by defeating Stephanie Defina of Hollywood, Fla., 6-1, 6-3.

## ORIOLES GO INTO SLUMP; GIVE UP PAIR

By GORDON BEARD  
Associated Press Sports Writer

BALTIMORE (AP)—Stu Miller is in a slump, and so are the Baltimore Orioles.

Going into July, with Miller at his best, the Orioles enjoyed a three-game lead in the American League pennant race.

On July 1, the 36-year-old relief specialist saved his 14th game for an Oriole teammate, and in addition he had a 4-1 won-lost record. Starting on April 28, he had allowed only five runs and 27 hits in 37 2/3 innings spanning 24 appearances.

But Miller served up a bases-loaded homer to Willie Smith of the Los Angeles to lose 10-6 on July 2. He has lost three more since, and the Orioles have tumbled into second place, five percentage points behind the New York Yankees.

In his 41st game of the season Tuesday, Miller allowed two singles, a homer, and a walk while retiring only one batter as the Cleveland Indians rallied for eight runs and an 8-5 second game victory to complete a two-night double-header sweep.

John Romano, who hit two homers in the 4-2 first game victory, launched the rally with his third homer of the night. After Woodie Held's three-run homer off Miller put Cleveland ahead 6-5. The final two runs scored on Romano's single and an error.

"Let's see, since the All-Star game, we're 8 and 8," Oriole Manager Hank Bauer said after Baltimore dropped its first double-header of the season. "And Miller has lost three of them."

Bauer said he was at a loss to explain Miller's sudden ineffectiveness. Nor did he offer any solution, except to "sweat it out."

**Optimist Boys' League**

The Warriors moved into a tie for fourth place by defeating the Yankees 7-3 Tuesday evening.

The Warriors jumped to a 3-0 lead in the first inning on three safeties including Mike Wolo's two-run single. The Yankees came back with two in the third frame on Vivaldi's tremendous two-run homer. The losers knotted the count with another tally in the fourth on a single and two Warrior miscues. The Warriors then drove across the plate four times in the fifth to claim the win.

Dave Lovett went the distance on the hill for the victory. Terry Barnes and Vivaldi paced the losers with a pair of hits each while Larry Homes blasted out three safeties for the winners.

# Red Chinese See Way To Gain In U.S. Elections

By WILLIAM L. RYAN  
AP Special Correspondent

Ten years ago Tuesday France reluctantly signed a Geneva accord cutting Viet Nam in half. The Communist North is using the anniversary to steam up a drive apparently aimed at forcing the Indo-China question once again to a Geneva conference table.

The anniversary finds South Viet Nam in military and political trouble and the Communist North struggling with harsh economic woes. But the Communists, tutored by the Red Chinese, also appear to see an advantage to be seized from the presidential election campaign in the United States.

A Communist propaganda campaign keyed to the anniversary seems to herald a significantly increased Red effort to make things hot for the Nam regime of Premier Nguyen Khanh. The idea seems to be that however the Americans react—either by bowing to pressure for negotiation or by carrying the war to North Viet Nam—the impact will be felt in the U.S. elections and add to U.S. confusion.

## ASK GREATER EFFORTS

The North Vietnamese are being exhorted to mark the anniversary with greater labor efforts. To celebrate the date, the Northerners have been dragged into a "one man labors as two" campaign to step up production, principally of food.

The Northerners have been told that only increased production can promise an end to austerity and the guerrilla war in the South. The North always has depended on the fertile South to make up a rice deficit, and today's cry for reunification of Viet Nam has special meaning in Hanoi in the North.

Therefore, the pressure in Indo-China promises to increase sharply. The Southern regime claims regular North Vietnamese forces have moved into South Viet Nam border provinces to fight alongside guerrilla units of Communist Viet Cong.

## PRESSURE STEPS UP

In Laos, the Communists

seem intent on stepping up the pressure on the U.S.-supported neutralist government.

All this might point to an attempt to seek a showdown at a time—during an election campaign—which is awkward for the United States.

A presidential background to all this is for a new 14-nation Geneva conference. The Red Chinese would like to see South Viet Nam neutralized and the Americans out, though it is unlikely the Communists ever would agree to neutralize North Viet Nam.

Ten years ago, France threw in the towel in Indo-China. Now President Charles de Gaulle's government wants the Geneva conference reconvened to consider a guaranteed neutrality for all Indo-China—Laos, Cambodia and the Viet Nams. De Gaulle contends any lasting settlement must take into consideration the incontrovertible fact of massive China and her interests.

France achieved a settlement 10 years ago by agreeing to talk with her adversaries in Indo-China. But the Communists had left herds of their own cadres in South Viet Nam. The settlement lasted only until they were ready to mount an offensive to take the whole country.

Theoretically, Viet Nam was only temporarily divided at the 17th Parallel. There were to be elections eventually to unify the nation. Laos was to be sovereign, with the Communist Pathet Lao retaining pockets near the North Viet Nam border temporarily, pending a Laotian national coalition.

Washington contends few of the provisions were observed and that thus a new Geneva conference would be pointless, unless it could produce an iron-clad guarantee that the Communists would leave their neighbors in peace.

If the Communists feel this is an opportune moment, one can expect a burgeoning offensive which could face Washington with an embarrassing election-year dilemma: Counter-measures which could spread the war or agreement to a new conference.

# "BILL" TUCKER GOES UNSHORN FOR 15 YEARS

By BOB THOMAS

AP Movie-Television Writer

HOLLYWOOD (AP) — Wild Bill Tucker has gone unshorn for 15 years. His mane hangs white and stringy below his shoulders, his mustache is wide and luxuriant and his goatee is longer than a billygoat's.

He presents an imposing figure as he strides down Hollywood Boulevard daily in Western-style tan gabardine suit, yellow silk shirt, black cowboy boots and Stetson hat. He resembles everyone's conception of Buffalo Bill, yet for Col. Cody he has scant regard.

"Talked to him once in San Francisco at the World's Fair," said Wild Bill. "He was all right. Drank a lot in his later years. He was a good politician, I'll say that for him."

## "NEVER FELT BETTER"

He was standing on a corner as a bus disgorged some travelers. He greeted several of them and they said, "Hello, Bill," and continued on their way. He resumed talking in his rambling, non-stop manner.

"People like this get-up of mine. It means something to 'em, something of the old West. They like to talk to me."

"It makes me feel good to be around people. I'm 72 years old and I never felt better in my life. That's because I like people and I take care of myself. I eat good, sleep good and get loads of exercise."

## FATHER WAS JUDGE

He demonstrated some of his calisthenics. One consisted of flexing his arms and moving them rapidly from side to side. Another he admitted was nothing more or less than the shimmy—"It's great for getting the blood to the brain and other vital organs."

He was born John William Tucker in Beatrice, Neb., where, he noted, Wild Bill Hickok shot it out with the McCandles. Bill's father was a frontier judge who was born in the same Missouri county where Daniel Boone died.

## SOUND FOR CARTOONS

Bill got into show business in 1912 as an imitator and whistler, billed as Fommy Tucker. It was a pretty lousy act, as he recalled it. After war service as an air instructor, he followed a number of occupations in and around the entertainment world. Among them: imitating sounds for movie cartoons.

"I can make any sound you name; here's a hurricane," he said.

"Shucks, I wasn't no movie star or anything like that," he remarked. "But I can make more money now than I ever did before. Don't want to work, though. I got my Army pension and my Social Security. That's all I need."

# FARMERS ARE CRITICAL OF WHEAT PLAN

By OVID A. MARTIN

Associated Press Farm Writer

WASHINGTON (AP) — Both supporters and critics agree that the administration's new wheat stabilization program is running into a lot of debate among farmers. But they disagree as to which side is being criticized the most.

Farm officials report that there is much grumbling among wheat growers, particularly in producing areas east of the Mississippi River, about the sharp decline in prices that has been brought about under the new program.

Supporters of the program say most unhappy farmers are criticizing the American Farm Bureau Federation and Republicans in Congress who opposed the new program and encouraged many producers to ignore the new plan. Those who cooperated by reducing plantings get supplementary payments financed from sales by millers, exporters and the federal government.

But those who opposed the program in Congress claim that many farmers are blaming the administration, saying it imposed the program on them. The program, which the administration called voluntary, was set up after farmers had rejected a compulsory acreage restriction plan last year.

In its weekly news letter, the Farm Bureau gave prime space to action of the Republican National Convention in pledging repeal of the new wheat plan, calling it a "bread tax" on consumers and a burden to low-

income farmers.

PESTICIDES

The National Milk Producers Federation criticized the Agriculture Department's policies on pesticides today.

It said in a statement that those policies have placed dairy farmers in a difficult position. It said many dairy farmers are being adversely affected by the department's "errors" in recommending pesticides it later found to be harmful.

The federation referred to many cases where milk produced by dairymen is banned from markets because harmful chemical residues are found in it.

## Sale Of Ice Cream Cones Now Legal

WASHINGTON (AP) — This summer marks the 60th anniversary of the first ice cream cone, and sale of the summertime treat is about to be made legal here.

The Senate Monday passed by voice vote and sent to the White House a bill to end a District of Columbia legal ban on the sale of solid milk products in packages smaller than one-half pint.

The provision, part of District law since 1921, would include ice cream cones, but the law has not been enforced.

W. M. Hamwi, a Syrian concessionaire, invented the ice cream cone during a dish shortage at the Louisiana Purchase Exposition in St. Louis in 1904.

## LITTLE CHANCE FOR SPECIAL SESSION SEEN

HARRISBURG (AP) — Officials of the Scranton administration see little chance of the governor calling a special session of the legislature this year to realign the House and Senate.

"I don't see how he could do it until we get some decision from the U.S. Supreme Court on the reapportionment act we passed in 1963," George I. Bloom, secretary of state, declared Monday.

Bloom said Scranton himself was "rather surprised" at reports saying he would be asked to call a special session in the wake of the nomination of U.S. Sen. Barry Goldwater as the Republican presidential nominee.

### BUSY BRIEFING

At the same time, Atty. Gen. Walter E. Alessandrini told newsmen he could only conclude that "the case will not be decided by the Supreme Court until the end of the year and that the machinery for this November's elections must go forward."

Both Bloom and Alessandrini were among the many state officials to meet with Scranton in a busy day of briefings before the governor took off for a two-week vacation scheduled in the mountains of New York State with his family.

"Gov. Scranton wondered how the whole thing got started," declared Bloom, referring to the report over the weekend that some legislative leaders, including Senate President Pro Tempore M. Harvey Taylor, want the governor to call a reapportionment session to head off the possibility of the Democrats doing it in January should the GOP lose control of the two chambers.

### TAYLOR COULD BENEFIT

"He gave no indication he was thinking of such a move," said Bloom. "And frankly I can't see how the state could gamble on calling a special session before the Supreme Court hands down its ruling. They may decide something entirely different in our case and then where would we be?"

Behind the reported drive for a new special session is the fear of Republicans that Demo-

## State Checks Are Sent To Schools

HARRISBURG (AP) — The State Department of Public Instruction sent out \$316,991 in checks Monday to cover fire and safety improvement projects in local school districts.

The payments were authorized last May by the State Board of Education for districts and state colleges making repairs and alterations under orders by the State Labor and Industry Department.

The money covers 5 to 100 per cent of project costs, depending on the wealth of the district involved.

## SCHOOL BOARD MAY GIVE UP COURT BATTLE

LEBANON, Pa. (AP) — The Cornwall - Lebanon Suburban Joint School Board says a lack of funds could force it to give up its court battle to make the Bible a literary study course.

"If the people in this community want us to continue the fight, then they are going to have to come forward and support it financially," Robert S. Lux, chairman of the board, declared Monday night at a board meeting.

"Unless this is done," he added, the district may have to "drop the defense and forego introduction of a Bible study course this fall."

### AWAIT DIRECTIVE

Only two people attended the meeting—Mr. and Mrs. James N. Snively of North Lebanon Twp., who filed suit against the board in an effort to halt the use of the Bible in its schools.

The board also voted to await a written directive from U.S. District Court before taking any further action in its efforts to make the Bible a part of its

crats could win control of the General Assembly with Goldwater's conservative views directing the national presidential campaign.

One of the main beneficiaries of such a move would be Taylor, because another reapportionment act presumably would nullify last April's primary election. Taylor was upset in that election, by a political unknown, William B. Lentz of Millersburg.

### curriculum.

Lux told his fellow board members that attorneys' fees so far in defending against the Snively suit amount to \$5,000.

### FUNDS ARE LOW

The intention of the district was to meet these expenses through a Bible study fund, made up of money contributed by interested citizens. The fund presently contains only \$1,100, Lux said.

The chairman also said a directive is expected "very soon" from Federal Judge Frederick V. Follmer of Lewisburg.

Follmer withheld action last week in the case until at least the start of the new school term, pending completion of the proposed study program.

The Snivelys claim the proposed course is nothing but a "subterfuge" on the part of the school district to get around a U.S. Supreme Court ruling last year banning required Bible reading and prayer in public schools.

Lux said the school district already has submitted materials on its proposed study course to the Department of Public Instruction and will formally ask for approval upon receipt of the letter from Judge Follmer.

The Snivelys charge that two of their children—Victoria, 10, and Eric, 6—were forced to listen to readings from the Bible at the Ebenezer Elementary School in violation of the Supreme Court ruling.

# Prospector's Ghost Haunts Canadians; Author Renews Claims Of Yank Pressures

**By FRED COLEMAN**  
**Associated Press Writer**  
**QUEBEC (AP)**—Wilbert Coffin, a prospector convicted in the slaying of three American hunters 11 years ago, faced the hangman Feb. 10, 1956, with these last words: "I am not guilty and may God have mercy on my soul."

Coffin's ghost still haunts this French-speaking province and the rest of Canada whenever capital punishment is debated. One question has refused to die: Was Coffin innocent?

That is the theme of two provocative books by Montreal author Jacques Hebert—"Coffin Etait Innocent" ("Coffin Was Innocent") and "J'accuse les Assassins de Coffin" ("I Accuse the Assassins of Coffin.")

**CHARGES PRESSURES**

Hebert declared the late Premier Maurice Duplessis, who ruled Quebec with an iron fist, was under strong pressure from American officials to produce a murderer. He charged that Duplessis railroaded Coffin to the gallows on circumstantial evidence to appease the American tourist trade, a cornerstone of the province's economy.

The books set off a controversy. Justice Roger Brossard of the Montreal Superior Court was ordered to review the case to see if Coffin got a fair trial.

Brossard collected 14,000 pages of testimony in 4½ months of public hearings. He will report his findings Oct. 15.

**DOUBT REMAINS**

The hearings poked holes in many of Hebert's arguments but the shadow of doubt surrounding the celebrated murder case is likely to remain.

Wilbert Coffin paid with his life for the slaying of Eugene Lindsey, 47, his son, Richard, 17, both of Hollidaysburg, Pa., and Frederick Clair, 20, of East Freedom, Pa. Coffin was convicted only of killing young Lindsey.

The three, hunting bear, were killed in the wilds of Quebec's Gaspé peninsula about June 12, 1953.

**MIDSUMMER MADNESS.** Ever  
heard of midsummer mad-  
ness? You know a woman has a  
touch when she says, "I've gained  
weight, but I refuse to worry  
about it until fall. I'm just going  
to relax and enjoy the summer."  
Really, it's the worst kind of  
folly to let your weight creep up.  
Left unchecked, it soon reaches  
the dieting point. And even though  
the modern diet is palatable, it  
is not the happiest way of life.  
When you take off extra pounds  
at the moment of gaining, the  
calorie cutback is so small that  
you hardly notice. See for your-  
self:  
A typical breakfast is juice, an  
egg any style but fried, a slice  
of toasted enriched bread with  
whipped butter or dieter's jam.  
Menus can be varied by substi-  
tuting cereal for toast, for in-  
stance, or two slices of broiled  
bacon for an egg. The invariable  
is using a sugar substitute in  
beverages.  
The main course at luncheon  
consists of a delicious salad—  
cottage cheese with green pepper,  
tomato stuffed with mixed veg-  
etables, chicken in aspic—bedded  
on a large portion of crisp lettuce.  
The only "must" is dieter's dress-  
ing. In addition to a salad, the  
menu includes chilled bouillon,  
melba toast and fresh fruit.  
At dinner you have carte  
blanche as long as you are spar-  
ing of canapes, sauces, butter and  
sweets. Between meals? Nothing  
but low-cal beverages!  
Why not try the plan? It's a  
pleasant way to keep your weight  
and fall dress size down.

COUNTY STARS**  
The first of a two-game All-Star engagement between the South Penn dream team and the stars of the Susquehanna Baseball League of York County, will be staged Thursday night on Littlestown's Memorial Field. Game time is slated for 8 p.m.  
Both leagues have selected 22-man rosters, the South Penn roster being published earlier in the week. President Robert Miller has asked that all of the South Penn players report to the field by 6:15 p.m. for batting practice. If any member of the squad is unable to attend, he is to notify Miller as soon as possible so an alternate may be named immediately.  
The rules for the game will be the same as those constituting the major league All-Star tilt. The first eight players will have to play at least the first three innings and each player will toss only three frames. The managers of the 10-team league voted for the 22 players involved. The starting lineup for the South Penn will include: Kermit Singley, Mummansburg, first base; George Billman, New Oxford, second base; Dale Sites, Cashtown, third base; John King, New Oxford, shortstop; Glenn Herring, Cashtown, catcher; Bill Singley, Cashtown; Don Favorite, Taneytown, and Dean Yealy, Littlestown, in the outfield.  
**STAFF NAMED**  
Jim Spence of Gettysburg, will manage the South Penn All-Stars. He will be assisted by Arvin Herring of Cashtown and Arvin Bollinger of Taneytown. The coaching staff has not named its starting hurler, but a probable choice will be Dick Pitzer of Gettysburg.  
The price of admission for Thursday's battle will be 50 cents and children under 12 years of age will be admitted free.  
Following Thursday night's encounter, the two squads will then play a return game on the York County's Hellam field, Sunday afternoon. That contest will start at 2:30 o'clock. The South Penn's regular Sunday schedule will be moved back to Wednesday evening and the full five games will be staged as twilighters.

# 2 - RUN HOMER BY WILLIAMS BEATS GIANTS; PHILLIES WIN

**By MIKE RATHET**  
**Associated Press Sports Writer**  
Billy Williams hit a two-strike pitch for a two-run homer that provided the Chicago Cubs with the runs they needed to whip San Francisco 2-1 Tuesday night.  
Williams' homer, his 23rd, made the Cubs the latest entry in the National League pennant sweepstakes as they climbed over the .500 level with their fourth straight victory and eighth in 10 games, moving into contending position 7½ games off the pace.  
The Giants, meanwhile, continued their skid, losing their seventh in the last nine games and falling a full game behind front-running Philadelphia. The Phillies, also struggling, defeated Milwaukee 6-3 for only their fifth victory in the last 14 games.  
Elsewhere, the New York Mets dropped third-place Cincinnati 3½ games by beating the Reds 4-2, Pittsburgh rode Jerry Lynch's grand slam homer to an 8-4 victory over St. Louis and Houston edged the Los Angeles Dodgers 1-0 on Al Spangler's homer.  
The Cubs struck in the fourth against Gaylord Perry, now 7-7, when former Giant Joe Amalfitano doubled and Williams followed with his homer. That gave Bob Buhl his 12th victory against five losses although he needed relief help from Bobby Shantz and Don Elston.  
The Giants scored in the sixth when Hal Lanier tripled and came home on a wild pitch by Buhl, but Elston cut off their last threat, getting Jim Davenport and Chuck Hiller on soft flies with the bases loaded in the ninth.  
**HOMER FOR WINE**  
Bobby Wine drove in two runs with a homer and single, Tony Taylor also homered and rookie Richie Allen stroked three hits as the Phillies slowed the Braves, who had won eight of 10 and 16 of their last 22.  
Art Mahaffey, 9-4, started for Philadelphia but needed Jack Baldschun's relief help when the Braves loaded the bases with one out in eighth and the Phillies leading only 4-2. Baldschun got Hank Aaron to hit into a force play, then retired Joe Torre on a tap in front of the plate.  
The Mets made it four straight victories over the Reds as Larry Elliot hit a bases-empty homer off Joey Jay, 4-8, in the second and walked before Jesse Gonder homered in the fourth.  
**4TH WIN FOR BRUCE**  
The victory went to Bill Wakefield, who pitched 5½ innings of two-hit relief after the Reds chased Tracy Stallard with two fourth inning runs on a pair of walks and singles by Deron Johnson and Gordy Coleman.  
Lynch smashed his grand slam off Ron Taylor in a five-run fifth inning that gave the Pirates more than enough to beat the Cardinals. Taylor took over for starter and loser Ray Sadecki, 10-8, after rain delayed the game 81 minutes.  
Joe Gibbon, 7-3, needed relief help to win it after Mike Shannon hit a three-run homer for the Cardinals in the eighth.  
Spangler's leadoff homer in the eighth broke up a pitchers' duel between the Colts' Bob Bruce and Don Drysdale of the Dodgers.  
Bruce kept nine hits well spaced and stranded four Dodgers on third base as he brought his record to 11-4 with his fourth straight victory. Drysdale, 12-9, allowed only five hits.  
**YORK SPRINGS TEAMS WIN**  
Both York Springs teams captured opening round victories in the annual Adams-Cumberland Boy's League post-season play-off Tuesday. The Giants topped South Dickinson 6-3 while the Pirates walloped Idaville 25-2.  
The Giants, entertaining South Dickinson, scored the eventual game winning runs in the second frame, crossing the plate four times. Mike Bricker paced the winners with a pair of hits including a double. Bricker also went the distance on the hill as he fanned nine and walked but two. Shaffner and Kooztz formed the battery for South Dickinson. Richwine poked the loser's only extra base blow, a double.  
The Pirates pounded the ball around at will as they clobbered host team Idaville. Doug Guise and Dave Nye divided the pitching for the winners.  
The Pirates will entertain Idaville and the Giants travel to South Dickinson Thursday evening for the second game of their best of three series.

# Letter To The Editor

York Springs R. 2  
July 18, 1964  
Mr. Paul Roy  
Editor  
The Gettysburg Times  
Gettysburg, Pennsylvania  
Dear Mr. Roy,  
I am writing in reference to a July 17 Pony League game played at Gettysburg between the White Sox and the York Springs Giants. This game was clearly a mockery to baseball.  
Our boys had some good hits and got on base only to be called out unfairly by the base umpire. There were five similar plays of which two were fairly close. The other three, however, were downright cheating. Everyone, spectators as well as players, knew the boys were safe but the plate umpire, who was clearly prejudiced, would not overrule the base umpire. It is only human for anyone to feel bad over losing a game but when you lose it unfairly that only adds to the hurt. Nothing could be done about the game, because the coach cannot protest an umpire's decision.  
I am not speaking for myself, but for others as well. Ask the coaches or boys from other teams whom and where they dread to play and they'll surely say Arendtsville, because almost every team is treated the same there.  
No umpire is perfect and each one makes a few bad calls, but if they were any kind of men with a small amount of decency, I'm sure they couldn't go home with a clear conscience. Because of the difference in the amount of runs, Arendtsville would have won anyway, but it is just the idea of the whole matter. But what does this do to our boys? They feel disgusted, get angry and say, "Why try next time, when it does no good?" And on top of all this our boys took a lot of heckling, far from friendly, from the stands which the Arendtsville team didn't receive from York Springs when they played here.  
We're not blaming the boys, both teams played their best.  
Why aren't these things looked into? Why doesn't someone from the baseball commission go and view these games? If they did, they'd see that I am not merely a poor sport but that these accusations are true.  
In closing I would like to say to the grownups of Arendtsville, some of whom are parents of players, "What do you think your boys are learning from you? What kind of example are you setting for them?" If they all grow up with the attitudes that some of you take, heaven help them when they reach the maturing age.  
Thank you.  
Sincerely yours,  
MRS. MICHAEL H. SHEAFFER

If any member of the squad is unable to attend, he is to notify Miller as soon as possible so an alternate may be named immediately.  
The rules for the game will be the same as those constituting the major league All-Star tilt. The first eight players will have to play at least the first three innings and each player will toss only three frames. The managers of the 10-team league voted for the 22 players involved. The starting lineup for the South Penn will include: Kermit Singley, Mummansburg, first base; George Billman, New Oxford, second base; Dale Sites, Cashtown, third base; John King, New Oxford, shortstop; Glenn Herring, Cashtown, catcher; Bill Singley, Cashtown; Don Favorite, Taneytown, and Dean Yealy, Littlestown, in the outfield.  
**STAFF NAMED**  
Jim Spence of Gettysburg, will manage the South Penn All-Stars. He will be assisted by Arvin Herring of Cashtown and Arvin Bollinger of Taneytown. The coaching staff has not named its starting hurler, but a probable choice will be Dick Pitzer of Gettysburg.  
The price of admission for Thursday's battle will be 50 cents and children under 12 years of age will be admitted free.  
Following Thursday night's encounter, the two squads will then play a return game on the York County's Hellam field, Sunday afternoon. That contest will start at 2:30 o'clock. The South Penn's regular Sunday schedule will be moved back to Wednesday evening and the full five games will be staged as twilighters.

# DENY RAISING PRICE OF BEER

The Pennsylvania Liquor Control Board today denied the accuracy of published reports that the Board is raising the price of beer by means of a recently adopted regulation.  
"The Liquor Control Board has not increased the price of beer," Board Chairman Abraham D. Cohn said. "The price increases have been made by the distributors themselves."  
"These price increases are a consequence of legislation, passed by the Pennsylvania General Assembly in 1961, which prohibits the offer or sale of malt and brewed beverages below cost by distributors and importing distributors."  
**WARNED DISTRIBUTORS**  
"To set the record straight, the Malt Beverage Distributors Association of Pennsylvania, with other distributors throughout the state, labored long and hard for the passage of this legislation."  
"The Liquor Control Board, aware of the chaotic conditions that existed in the malt beverage industry, not only warned the distributors that higher prices would result, but pointed out that this legislation in itself would not create an effective solution to their problems."

## 28TH INFANTRY GOING TO FIRE "HONEST JOHN"

CAMP PICKETT, Va. (AP)—Artillery units of the Pennsylvania 28th Infantry Division will fire a 4,000-pound "Honest John" rocket Wednesday high-lighting their final week of summer training.

The missile, one of two weapons giving the Keystone National Guard division nuclear capability, will be fired from a special launch mounted on a truck. Several pounds of explosives will be used in place of a nuclear warhead.

The 28th was the first National Guard division to fire such a weapon back in 1961. All previous launchings have been successful.

### TO BURST IN AIR

A surface-to-surface missile, the "Honest John" will be pre-set to explode in the air some 200 feet from the ground, following an eight-mile course from launch to target.

Plans already are being carried out to clear the area for the simulated attack.

Meanwhile, back at Camp A. P. Hill, Va., where the bulk of the guardsmen are encamped, division headquarters company, of Harrisburg, continues to lead the field in ratings.

### CALL GOP CONFAB

HARRISBURG (AP)—Republican State Chairman Craig Truax said today he is calling a conference of the 67 county chairmen in Harrisburg early next month to map strategy for the fall election campaign.

The meeting is expected to determine the unity of effort behind a ticket headed by Arizona Sen. Barry Goldwater.

## World News

GENEVA (AP)—The population implosion—the mass shift of people from the country to the city — threatens the world with serious overcrowding and health hazards, the World Health Organization says.

It predicted the influx from rural areas will increase as mechanization of agriculture reduces the farm population to only 10 per cent by the end of this century.

The committee of experts said the world population is expected to double by the year 2000 to more than six billion and called the drift to the cities "one of the crucial challenges of our time."

ISTANBUL, Turkey (AP)—The chiefs of state of Pakistan, Iran and Turkey opened a conference today on closer economic cooperation of the Central Treaty Organization's three non-Arab Moslem members.

President Mohammed Ayub Khan of Pakistan and Shah Mohammed Reza Pahlavi of Iran were greeted Monday by Turkish President Cemal Gursel, Premier Ismet Inonu and Foreign Minister Cemal Erkin.

HAMILTON, Bermuda (AP)—Four U.S. Navy divers are spending three weeks in a 40-foot capsule 192 feet below the ocean surface. They are investigating man's ability to live and work underwater.

The capsule, Project Sealab 1, was moored Monday off Artemis Argus Island 26 miles southwest of Bermuda, an area infested by barracuda up to 5 feet long.

The four aquanauts are Lt. Cmdr. Robert Elliot Thompson, 36, Gales Ferry, Conn.; Gunner's Mate 1/C. Lester Anderson, 31, Uncasville, Conn.; Chief Quartermaster Robert Barth, 33, Key West, Fla., and Chief Hospital Corpsman Sanders Manning, 33, Groton, Conn.

NEW DELHI, India (AP)—A cholera epidemic in central India has taken 91 lives since July 1, health authorities reported today.

## U. S. DESERTER IS CONVICTED

STUTTGART, Germany (AP)—U.S. Army medic Conrad Yumang, who spent more than seven months in Communist East Germany, Tuesday was convicted of desertion and being absent without leave. He was to be sentenced later.

A general court-martial deliberated 90 minutes before finding the survivor of the Bataan

Death March and holder of the Bronze Star guilty as charged. Yumang, 43, from Melabon City, the Philippines, had denied deserting but pleaded guilty to being absent without leave.

The maximum penalty on the two charges would be 2½ years at hard labor and a dishonorable discharge.

Yumang, who has 19½ years service in the Army, said he never intended to desert.

A specialist 6th class, he said he planned to spend 5 to 10 days in East Germany while his wife's anger over his Turkish girl friend subsided.

About 78 per cent of the Cyprus population of 590,000 are Greek in language, culture and religion. Eighteen per cent are Turkish. Neither group has changed its language or customs to any extent.
